NEWSPAPER HISTORY
The Rockland Gazette was established in 1846 in 1874 the Courier was established, and consolidated with the Gazette in 1882. The Free Press was established in 1893, and in 1901 changed its name to the Tribune. These papers consolidated March 17, 1907.

Every man seeks for truth but only
God knows who has found it.—Chest-
erfield.

Lewiston Journal: Two Rockland trust companies have just consolidated, making their capital, surplus and deposits upwards of \$1,500,000. This consolidation is in harmony with the tendency of big business to get bigger, and reduce expenditures by simplifying organization.

Arthur C. Round of the New York law firm, with which Charles E. Hughes is to be connected, was a classmate of Frank B. Miller, esq., at Hallowell Classical Academy. It is something of a coincidence that Walter H. Butler, who shares Mr. Miller's law office, was a classmate at Brown University of Charles E. Hughes, Jr., who is also to be a member of the New York firm.

The deer hunting season in Massachusetts opened Nov. 20, when 98 of the animals were shot. Featured in the day's story was the achievement of a former Rockland boy, Milton Griffin. The Springfield Republican said: "Two of the ill-fated 98 were bucks of unusual size, one weighing 350 pounds and the other over 300. The larger animal was shot by M. M. Griffin of Williamsburg, and the other was killed by Byron Newell in South Amherst."

Chauncey Keene, a graduate of Rockland High School and son of E. R. Keene, is in the employ of the Interstate Commerce Commission as a member of a party of 15, now engaged in railroad valuation work in Gardner. As soon as the work is completed the party will go to Richmond, Va., operating southward from that railroad center. A private car is provided for the convenience of the men, and young Keene is enjoying his experience very much.

Sumner E. Austin, formerly of this city, and now manager of the Lewiston telephone exchange, has entered the St. Mary General Hospital for treatment. The Lewiston Sun says: "Mr. Austin has been in poor health for several months and his condition has failed to improve as rapidly as had been hoped for, on the advice of his attending physician, he will enter the hospital for special treatment. Since Mr. Austin, who came here from Bath, has charge of the Lewiston exchange, he has made hosts of friends who hope for favorable response to the treatment he is about to receive."

PREPAREDNESS IN PRACTICE
Uncle Sam Orders a Fleet of War Craft
Costing Quite a Tidy Little Sum.

Secretary Daniels awarded contracts last Wednesday for more than \$5,000,000 worth of new fighting ships for the navy, including four battleships at \$11,000,000 each, two fleet submarines at approximately \$1,100,000 each, and 17 coast submarines at from \$694,000 to \$698,000 each.

These vessels comprise the bulk of the building program of 66 craft of various types appropriated for by the last session to Congress. Bids for four battle cruisers will be received tomorrow, and for three scout cruisers on Jan. 2, with the hope of completing the task of getting all the ships under contract within the six months' limit set by Congress.

The bill to be put through this winter for the navy will carry a total of nearly \$400,000,000.

OFFICIAL VOTE ANNOUNCED

Wilson Had Safe Margin In California—
Snug In Minnesota—Maine's Figures.

The vote cast by Maine in the Presidential election was canvassed by the governor and council last Wednesday, showing Hughes' plurality to have been 5388. The Republican nominees for President and Vice President carried every county in the State with the exception of Androscoggin, Hancock, Knox, Penobscot, Waldo and York. The official vote by counties follows:

Androscoggin,	Rep. Dem. Soc. Pro.
Aroostook,	4496 5464 279 47
Cumberland,	5775 2420 48 50
Franklin,	11,768 9796 321 76
Hancock,	1988 1908 63 26
Hennepin,	3191 3393 125 24
Kennebec,	6281 5327 223 51
Knox,	2211 3434 179 22
Lincoln,	1781 1718 51 14
Oxford,	4026 3645 96 33
Penobscot,	7322 7395 155 77
Piscataquis,	2141 1753 30 20
Sagadahoc,	1828 1791 94 20
Somerset,	3567 3134 236 24
Waldo,	2418 2339 104 21
Washington,	3890 3459 53 39
York,	5773 6853 142 64
Totals,	69,506 64,118 2186 595

Hughes' plurality in Minnesota at the recent Presidential election was 392 votes. The final official count was: Hughes, 179,341; Wilson, 174,152.

Wilson's plurality in California 3773 votes, according to semi-official figures announced by Secretary of State Jordan. The President's plurality represents the difference between the vote of 407,289 for Francis J. Henry, highest Democratic elector and that of 462,516 for J. P. Carlstrom, highest Republican. President Wilson carried every county in Utah where his plurality was 29,892.

The official canvass of the vote of Connecticut shows that Hughes had a plurality of 6728 over President Wilson. The annual meeting of the Lincoln County Fair Association was held at Twin Village Grange hall, Saturday. Hon. Leslie Baynton, who has served as president for a number of years, refused another election as president and George D. Pastorious was elected. The trustees are C. S. Peaslee of Alna, R. L. Hodgkins of Jefferson and Joseph P. Chapman of Damariscotta. The other officers are: Vice president, M. J. Perkins of Nobleboro; secretary, J. A. Perkins, Nobleboro; treasurer, H. E. Winslow, Damariscotta; auditor, E. F. Metcalf. It was voted to expend \$250 in permanent improvements.

The financial report showed the Association clear of debt, and with a balance in the treasury.

CHAPMAN IS TICKLED

Fine New Festival Chorus Being Organized and Others Gaining Membership—
The New Music List.

Director Chapman says it is wonderful to note the increased enthusiasm throughout the State since the Festival. Five new choruses have been added thus far, and many of the choruses are from 25 to 40 per cent larger than last year. This is the list of new music to date for 1917:

—The Cantata, Peace Pipe, by F. S. Converse.
The Robbers, by Horatio Parker.
I'm Seventeen Come Sunday, by Percy Grainger.
Music When Soft Voices Die, by Clarence Dickinson.
Battle Hymn, by William R. Chapman.
American composers.
The Nightingale, by Tchaikowsky.
Kalinka, Russian Folk-song.
At Father's Door, by Moussorgsky.
Russian Composers.
How Eloquent, by John West.
Bella Napoli, by Boscovitz.
Arise Sleep No More, by Jules Bendict.
English composers.
The Wagner program will include choruses from Die Meistersinger, Lohengrin and Tannhauser. This makes one of the most varied and interesting collections of music ever offered to the public of Maine.

AMERICAN SUNDAY SCHOOL UNION

One Hundredth Anniversary of a Great and Unique Institution.

As the result of a nation-wide campaign, the American Sunday School Union, which is now preparing to hold its centennial celebration, has established over 120,000 Sunday schools with half a million teachers and more than 3,000,000 scholars. The society is also preparing to carry on its work of rural child development on an even broader scale, in an effort to meet the constantly growing demands from many parts of the country. An intensely interesting series of pamphlets has been issued, describing the various phases of the organization's work and relating some of the amazing experiences of its field workers. These pamphlets may be secured upon request without cost.

Beginning with its first president, Alexander Henry, the Society has numbered among its officers and committee members some of the ablest men of America, including authors, statesmen, jurists, financiers and merchants. Its headquarters are located at 1816 Chestnut street, Philadelphia.

ERECTOR

"THE TOY LIKE STRUCTURAL STEEL"

BUILDS such things as battleships, torpedo boats, row boats, derricks, cranes, the differentials and three speeds of an automobile, machine shops, aeroplanes, towers, bridges, trolley cars, besides hundreds of other models which are shown in the book that goes with each set.

We are opening a contest to all boys who wish to show their engineering skill. Bring your structure, which must be of original design, to us and on the 15th of January we will award four prizes. The first is a gold watch; second, a \$2.00 Ingersoll; third, an Erector Set; and the fourth, a flashlight.

We would also state that the manufacturers offer this year 500 prizes.

NEED OF A NEW COIN

Two and One-Half Cent Piece Would Save Money For Many Purchasers.

A two and one-half cent piece is demanded by the country, according to the director of the mint, whose annual report recommends passage of a law authorizing coins of that denomination from copper and nickel.

"When you consider that we have no coin between the one-cent piece and the five-cent piece and that many an article worth more than a cent and less than five cents sells for the latter price because of the lack of an intermediate monetary unit of value," says the director, "the economic importance of it will be readily seen. Articles which now sell for 15 cents each or two for a quarter would sell for 12½ cents. Popular shops, such as the five and ten cent stores, would undoubtedly place articles now selling two for five cents on sale at 2½ cents."

SWAP LOBSTER FOR SALMON

For the 6000 lobsters which the United States Government sent to Puget Sound 38 cents per pound was paid which brought the total of the shipment up to \$3430. The cost of the special car across the continent adds another \$4000, so the experiment is not an inexpensive one. In exchange for the Atlantic lobsters 8,000,000 hump-backed salmon eggs have been sent to the hatcheries at Green Lake and Orland and within a few months the young salmon will be released in Maine waters. If the experiment proves successful the exchange seems a fair one, says the Portland Express.

YOUR FAVORITE POEM

Old-fashioned poetry, but choicely good.
—Isaac Walton.

For Those Who Fail
"All honor to him who shall win the prize."
The world has cried for a thousand years:
But to him who fails and yet fights on,
I give great honor and glory and tears.

O great is the hero who wins a name,
But greater many and many a time
Some pain-fac'd fellow who dies in shame,
And lets God finish the thought sublime.

And great is the man with sword undrawn,
And good is the man who refrains from wine;
But the man who fails and yet fights on,
Lo, he is the twin-born brother of mine!
—Joachim Miller.

AN APPEAL TO THE CITIZENS OF THOMASTON

We wish to ask the citizens of Thomaston to come to the assistance of the Woman's Christian Temperance Union, and take a stand for better conditions in our town.

We called on the County Officials for aid, but were told by one of them that we "were powerless," as we "have no vote."

So we ask the aid of the citizens of Thomaston, and of the voters in particular, for we are determined to see the laws enforced.

THE ALLIED BAZAAR

Many readers of The Courier-Gazette have expressed interest in the Allied Bazaar which opens in Boston the coming Saturday. Very complete descriptions of what the Bazaar is to be and the splendid object to which it is addressed have been printed in these columns.

Particularly should our readers be interested in the Maine booth, which is to be under the immediate supervision of prominent Maine ladies. Mrs. William T. Cobb of Rockland is one of this committee and she will be glad to receive, for sale at the Bazaar, any products of Knox county farm, mill or household; or contributions of money will be acceptable. Mrs. Cobb can be addressed by mail or telephone (220) and will be pleased to furnish full information to any who may desire to lend a hand to this strikingly worthy object.

Billy Sunday Excursion

Rockland To Take Part In the Crowd of 1000 That Goes To Boston Next Friday.

The State of Maine special train for the Billy Sunday meetings is scheduled for next Friday, Dec. 8. Rockland passengers will take the regular 8 o'clock morning train which will unite at Brunswick and Portland with the delegated trains from other parts of the State. It is expected that not less than 1000 will avail themselves of the special privileges. The Maine Central has granted a special rate of one fare and three-fifths; Boston & Maine one fare for round trip, tickets good for return until the 15th. This makes the round trip fare from Rockland about \$6. It will be necessary to go on the special to secure the reduced rates and reserved seat tickets in the Maine delegation section at the tabernacle.

A meeting of interested persons was held at the Y. M. C. A. rooms Friday afternoon and plans discussed for personally disseminating information, and city papers gave the announcement from their pulpits Sunday. Already a considerable number has been heard from, indicating that Rockland and

Knox county will be well represented in the Maine delegation. It is urged upon the notice of all who may be purposing some time during his Boston campaign to hear the great evangelist, that this special train in point of economy and special privileges at the tabernacle, etc., affords the best of opportunities to make the trip.

The excursion will reach Boston Friday afternoon, the delegates dispersing to supper and then meeting at a designated point and going to the tabernacle in a body. Complete details will be issued on the train, the business being in charge of Jeff. C. Smith, State Secretary of the Y. M. C. A.—which is guarantee enough of things moving satisfactorily.

Persons going by this excursion will make their own hotel arrangements. The Boston Y. M. C. A. will supply information of rooms for rent in the vicinity of the tabernacle. Secretary Berry of the Rockland Y. M. C. A. is in charge of the local arrangements and further particulars may be had of him.

JOHN S. SMALLEY

Death of Prominent St. George Man Who Held Many Public Offices.

John S. Smalley, a well known resident of Tenant's Harbor, died Friday night after a long illness. He was well known throughout the county, having served about 18 years as a deputy sheriff, and being brought into contact with those who attended the sessions of Supreme Court.

Mr. Smalley was born in Tenant's Harbor, May 24, 1861, a son of Capt. Joshua and Mary R. (Wilson) Smalley. At the age of 12 he made a voyage to San Francisco in the ship "The Star" of which his brother Edwin S. Smalley was commander. His experience with square riggers also included three years' service on the ship Belle O'Brien in the capacities of before the mast, post and second mate. On his return from foreign voyages he went coasting, and was mate of the schooner Robert L. Foster, when that vessel was wrecked on Frying Pan Shoals. He was captain of the schooner Susan Ross, and left the sea for good in 1885, and

went to work in the Long Cove granite quarry. He also worked about three years as a stonecutter.

In 1889 he was appointed a deputy sheriff on the staff of Sheriff W. S. Fish, with whom he was associated two years. He served four years with Sheriff J. Warren Gray a little over seven years with Sheriff A. J. Tolman (including two years as turnkey) and was with Sheriff J. Crosby Hobbs while health permitted. As a deputy sheriff for 18 years and a constable for about 22 years he figured in many important criminal cases, one of his most notable achievements being the recapture of two convicts who had escaped from State Prison. His service for his home town also included eight terms as tax collector, and five or six as road commissioner. In the discharge of all these duties he attended faithfully to the town's interests, and earned the appreciation of the townspeople, with whom he was deservedly popular. He was a member of the Masonic fraternity and had held several offices in the blue lodge.

He was married in 1883 to Mary E. McNeil, who survives him, together with four daughters and one son.

TALES OF THE SEA

Philadelphia Schooner Goes Ashore Near "The Fiddler," and is Pulled Off By Cutter Ossipee.

The three-masted Philadelphia schooner Rebecca Douglas, bound light from Rockport, Mass., for St. George, N. B., went on the rocks near Crabtree's Point, North Haven, early Saturday night. Deputy Collector Thorndike of this port was notified by telephone, and with the aid of the Cape Elizabeth wireless station he got track of the Cutter Ossipee, which was then speeding toward Eastport. It was 9 a. m. Sunday before the cutter got the word. Turning she started under full steam for North Haven, and half an hour after arriving there had the Douglas off the rocks. The vessel was towed to Rockland by one of the Snow Marine Co.'s tugs, and was at the Battery wharf yesterday, seemingly not much damaged.

The Whitehead crew left for Crabtree's Point at 10 o'clock Saturday night, and did not get back to the station until late Sunday. It was a 12-mile trip for Capt. Miller and his lads, but they are game for any job. The three-masted schooner Damietta and Joanna, which was sold by her Portland owners about a year ago to Boston parties, and arrived at the Penobscot recently with a cargo of lumber, earned her cost to her new owners on the passage out, and has now been chartered to load a full cargo of bones for delivery at New York or Philadelphia, on which her owners will receive \$7500 freight money.

VINALHAVEN
Mr. and Mrs. Frank Littlefield left Monday for Jonesport, called by the death of Mrs. Littlefield's mother, Mrs. Joyce.

There will be a circle supper Thursday at Union church vestry. Miss Mona Foster, who is at the Eye and Ear Infirmary, Boston, was operated upon Monday for adenoids and abscess in the inner ear. The operation was successful and Miss Foster is improving.

Frank J. Orbelton, who has been in the employ of the Bodwell Granite Co. for over 34 years, left Wednesday for Rockland where he will join his family, having resigned his position on account of trouble with his eyesight. Mr. Orbelton has been a faithful bookkeeper and paymaster for many years and will be greatly missed by the firm as well as by a large circle of friends. The community at large regret his leaving town after so long a sojourn with us, and we hope to see his genial face whenever he has an opportunity to visit us.

EMPIRE THEATRE

A most interesting show at this theatre today. The program starts with "The Selig Tribune," news from all parts of the world; then follows a three-reel Knickerbocker drama "The Deluded Wife," in which Virginia Nordin plays the part of a wife who is led into a wealthy marriage by a designing mother, although she much prefers another man for a husband. She carries on a somewhat dangerous affair with this admirer until she is completely disillusioned on learning that in addition to being a thief he keeps an insane wife in captivity. Miss Nordin is supported by Joe Brooks and Edward Brady. Also "Tangled by Telephone," comedy.

"The Crimson Stain" No. 7, and "Peaches and Ponies," comedy. The feature for Wednesday and Thursday include a three-reel Vitagraph feature "The Wandering Horde" with Adele Kelley, also "Local Color On Al Ranch," comedy; "The Girl of Gold Gulch," drama; "The Shielding Shadow" No. 6, and the Viv comedy "Payment in Full."

Another Vitagraph feature for Friday and Saturday "A Fool and His Money,"—adv.

Rockland Fires Come By Threes

In One You See Where Charles Bicknell's Vow Saved a
 Large Loss—The White Dove's Wings Singed.

Because Charles E. Bicknell made a
 solemn vow some years ago the local
 insurance companies were saved the
 necessity, last Friday, of paying a large
 fire loss. Charlie has made many
 vows in his time, but this is one that
 he remembered—and kept.

You don't remember, but Mr. Bick-
 nell does, when fire caught in Bert
 Clark's cigar factory in Jones block.

The destroying demon was discovered
 in its incipient stage by the robust
 lumber dealer, who, pending the ar-
 rival of the fire department did con-
 siderable fretting and fuming, and
 quite forgot that there was a large
 fire-extinguisher almost at his elbow.

"That taught me a lesson," said
 Charles, "and then there I vowed
 that next time I would use a fire ex-

tinguisher instead of waiting for the
 department."

The years came and the years went
 before Mr. Bicknell had an opportunity
 to make his vow good, but always it
 ranked in his mind. You have seen
 him sitting in his office window with
 furrowed brow, and lost in thought,
 and you wondered what it was all
 about. It was that vow.

Last Friday afternoon, between the
 hours of 1 and 2, the long awaited
 opportunity arrived. Smoke curled out
 under the eaves of Chisholm's candy
 factory, followed by a burst of flame.

Many times dwellers of The Brook
 have seen steam emanate in that self-
 same way and thought there was a fire,
 when it was some delicious confection
 billing in a kettle.

This time it was a sure enough fire.
 There were two Charlies on the spot,
 and Charlie Bicknell was one of them.
 "Me for a Carnegie medal," said C. B.,
 and he made a dash for Crie's hard-
 ware store, after the extinguisher
 which had so often figured in his day
 dreams.

"Give it here, quick!" he shouted.
 The frightened clerk hadn't the re-
 motest idea what C. B. wanted, but he
 realized that it must be done quick.

Charlie got it out finally. "Stin-
 quisher!" cried he.
 The clerk produced one in the two
 proverbial shakes of a lamb's tail,
 and began an interesting dissertation
 on what to do with it in case of fire.

"Can't stop now," said Charles.
 "Come with me"—and with the boy
 under one arm and the extinguisher
 under the other, he dashed up that long
 stairway to the upper story of Frye
 block, where the Chisholm confection-
 ers are concocted.

It's one thing to be a hero in your
 dreams, wearing a Carnegie medal
 thicker than buttons on a Rockland
 policeman's coat, and quite another to
 dash into a room whose only other
 contents were fire, smoke and Tom
 Griffin. In this awful caldron no one
 nary man could live, and Tom Griffin
 stood it only because he had been down
 in the pool room several times when
 Jim Welch was smoking.

C. B. courageously pushed the door
 open wide enough to admit the ex-
 tinguisher and the boy. He could see
 the flames licking the ceiling and
 dense billows of black smoke.
 Chokily he shouted for the Crie
 demonstrator to play away.

"S help me," avers Charles, "my
 eye was not quick enough to see what
 happened. The boy gave one squirt
 with that machine and there wasn't
 anything left save smoke and Tom
 Griffin."

Outside a score of eager firemen were
 ready with lines of hose, hitched onto
 Mirror Lake, ready to drown the whole
 Brook if need be. Had those streams
 been turned on the water would have
 ruined the stock in Chisholm's candy
 store and Bradbury's shoe store, and
 the insurance companies would have
 been called upon to settle a loss of
 perhaps \$5000.

Thanks to Mr. Bicknell's vow and the
 fire extinguisher the loss was little
 or nothing, and ten minutes later The
 Brook was running along as though
 nothing had happened.

The fire was caused by a kettle of
 candy boiling over.

Along about midnight the department
 was again called out for a fire in the
 little building near the head of Tillson
 avenue, known as "The White Dove."

In its day a great deal of firewater is
 said to have been dispensed here, but
 Friday night the combination was
 liberally represented in its syllables.
 How the fire had its origin has not
 been stated—possibly from spontaneous
 combustion in that big dryload
 of contraband which Marshal Wiesen
 surrendered on the day that he was
 threatened with that memorable jail
 sentence. Congenial spirits are said
 to have been having a smoke talk there
 before the fire broke out. The loss
 was not large.

Yesterday morning another attempt
 was made to burn the John Ranlett
 building on Rockland street. Know-
 sene had been poured on the door.
 A passer-by discovered the blaze,
 which was extinguished before much
 damage had been done. This is the
 eighth unsuccessful attempt to burn
 the place, and each time the fire has
 been set in broad daylight. Three
 similar attempts have been made to
 destroy the stable at the rear of
 Ayer's market. Although the score is
 now 8 to 3 in favor of Mr. Ranlett,
 there is nothing on record to show
 that Willis is envious.

CARELESSNESS causes many ills

Be as careful to keep well, as you are to get well, and you will have little need to worry about yourself. The advice most needed and least heeded is—"Take care of yourself." So many are careless about their health, that they need to be constantly reminded how important it is to keep stomach, liver, kidneys and bowels in good order. For this purpose

BEECHAM'S PILLS

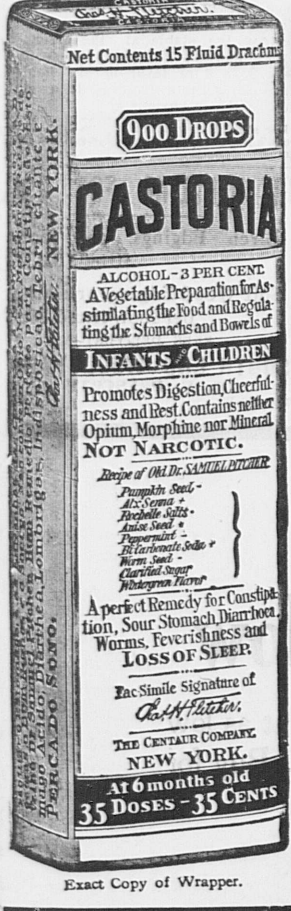

are most effective. Take them at the first indication of a sick headache, a bilious attack, an upset stomach, sluggish bowels, inactive kidneys, or when you feel "blue" and out of sorts. These famous pills go right to the cause of the trouble and remove it. They sweeten the stomach, strengthen the digestion, cleanse the system of impurities, arouse the liver to activity and regulate the bodily functions. Use them and you will soon feel the difference, for they act promptly and leave no unpleasant after-effects. For over sixty years Beecham's Pills have been the family remedy of the civilized world. Time has proved their power to relieve and prevent the common ills of life, and to

This Week TWENTY-FIVE YEARS AGO

A review from the columns of this paper of some of the events which interested Rockland and vicinity for the month ending Dec. 1, 1891.

The patriotic bodies attended Thanksgiving services at the First Baptist church, where the sermon was preached by Rev. J. H. Parsley. The Methodist and Universalists held union services in the Methodist church, the sermon being preached by Rev. W. M. Kimmell. Services were also held at the Episcopal church, with sermon by Rev. J. S. Moody. Other Thanksgiving Day events were the Burpee Hose Co.'s annual ball, which netted \$300; the Hare and Hounds race, which was won by Arthur Macomber; a football game between Rockland High and a Rockland picked team won by the former; and the theatrical performance "Ship Ahoy" at the Opera House.

Charles D. Jones resigned his position as railway mail clerk to enter other business.

Mrs. J. H. Gould of East Union shipped through the American Express office a barrel containing 600,000 stamps. She had collected a million.

The annual meeting of the Rockland, Rockport & Camden Railroad was held, these officers being elected: President, W. T. Cobb; secretary and treasurer, H. N. Plummer; directors, E. R. Spear, W. S. White, A. F. Crockett, S. M. Bird, F. E. Richards, W. W. Case, C. H. Berry, W. T. Cobb and A. D. Bird.

The initial steps were taken toward organizing Golden Rod Chapter, Charles A. Sylvester being chosen worthy patron, Miss Ella Day worthy matron and Miss Annie M. Chadwick associate matron.

A burglar was discovered in the residence of O. E. Blackington. He made his escape with about \$5.

W. H. Glover & Co. were building an addition of 100 feet to the Bay Hotel, and had also started to build a \$1000 cottage for D. W. Russell of Boston.

J. W. Mitchell, principal of the Lincoln street Grammar School, fell while climbing into his box from the granite wharf near the Simpson House. Owl's head, and became unconscious. His mackintosh kept him afloat, and at low tide he was able to make his way to the shore.

W. W. Lincoln, at one time editor of the Rockland Daily Globe, and later with The Courier-Gazette, died in Brunswick from a paralytic shock.

St. Peter's Episcopal church, which has been enlarged and enlarged by W. H. Glover & Co., was reopened. E. F. Glover was the architect.

Will H. Adams shot himself through the right hand and knee while gunning along the shore. His father saw him fall and going out in a boat brought him ashore.

The street commissioners awarded the contract for third-class curbing to the Sullivan Granite Co., and for all other street paving to the Hurricane Granite Co.

George L. Snow, a well known lime-burner and trader, died at his home on Pleasant street, aged 63 years.

Fred M. Smith of Crescent Beach was kicked in the face by one of his horses, and for a time his condition was regarded as dangerous.

J. A. Emmons leased the Clinton House, Thomaston.

A rock fell from the cliff of the Perry quarry, crushing the right arm of H. A. Oliver.

The seven lots in the Mallet field east of Broadway, bought by a real estate agent four years previously for \$400, were closed out for \$3800.

Schooner William Bradley, Capt. John Leo, foundered at sea, the captain and crew being landed at the Canary Islands.

These births were recorded:
Rockland, Nov. 25, to Mr. and Mrs. Oscar E. Blackington, a daughter.
Rockland, Nov. 18, to Mr. and Mrs. W. H. Pliston, a son.
Rockport, Nov. 16, to Mr. and Mrs. William Tripp, a daughter—Annie Belle.
Rockland, Nov. 22, to Mr. and Mrs. George Donahue, a daughter.
Rockland, Nov. 22, to Mr. and Mrs. Fred L. Burns, a daughter—Lilla Maid.

RHEUMATISM MAKES YOU FEEL OLD

Pains and Aches Yield To Sloan's Liniment, the Family Friend.

When your joints become stiff, your circulation poor, and your suffering makes you irritable, an application of Sloan's Liniment gives you quick relief—kills pain, starts up a good circulation, relieves congestion. It is easier and cleaner to use than musky plasters or ointments, acts quickly and does not close the pores. It does not stain the skin.

You don't need to rub—it penetrates. Certainly good for rheumatism, stiff neck, sciatica, lame back, toothache, etc.

For sprains, strains, bruises, black and blue spots, Sloan's Liniment reduces the pain and eases the soreness. Its use is so universal that you'll consider Sloan's Liniment a friend of the whole family. Your druggist sells it in 25c, 50c, and \$1.00 bottles.

Bank Official Recommendations Them
T. J. Korrell, V. P. Bank of Cottonwood, Texas, writes: "Beyond doubt I have received great relief and take great pleasure in recommending Foley Kidney Pills. Kidney trouble makes one worried and hopeless, by aches, pains, soreness, stiffness, backache, rheumatism. These symptoms, as well as sleep disturbing bladder disorders, yield quickly to Foley Kidney Pills. They cast out poisons and purify the blood."

NORTH HAVEN

Miss Jessie Gillis has returned from Westbrook where she was the guest of her aunt, Mrs. Lavon Thomas.
Miss Hamlin, a teacher of the grammar school, visited in Stonington the week-end.
Mr. Butters, principal of the High School, was made a Knight of Pythias recently and will soon join the Pythian Sisters.
Mr. and Mrs. Howard Dean, Mr. and Mrs. Eliza Grant and Miss Eva Grant left Nov. 28 for Florida. This is the fifth season the Grants have been there and second season for the Deans.
Mrs. Solomon Parsons died Sunday, Nov. 27, aged 66. She suffered a stroke not long ago and seemed to be getting on well, when the second attack came. She leaves besides her husband, a son by a former marriage, William Ladd; three daughters, Mrs. Frank Calderwood, Mrs. Roscoe Cooper, Mrs. Floyd Duncan; and three sons, Charles, Walter and Herbert Parsons, all of North Haven; and they have the sympathy of a large circle of friends in their great affliction. The funeral Tuesday morning was largely attended and there were many beautiful flowers from the family and friends. Rev. Mr. Deshayre officiated and burial was in Fuller cemetery. Mr. and Mrs. Walter Parsons of Wheelwright, Mass., were present and also relatives from Stockton and Rockport.
Herman Crockett was in Rockland Saturday. He is the proprietor of Haven Inn and has had a successful season.
Mrs. Carrie Tolman of Camden was the week-end guest of her mother, Mrs. A. J. Ames.
Dr. Nathaniel Wood of Boston is a guest of Mr. and Mrs. F. H. Smith.
Cards announcing the marriage at Biddeford Pool of Harold Crockett and Miss Margaret Nicolle have recently been received in town. After the honeymoon they will return here and live in the Kent house. Mr. Crockett is our postmaster, a young man of sterling worth and a host of friends wish them much happiness.
The Surgical Dressing Committee held an oakum party Friday evening last week at the home of A. B. Cooper, with 28 present. The gentlemen picked oakum while the ladies made oakum pads, of which more than 100 were turned out, also many bandages and several pillows. It was a very pleasant profitable affair. Ice cream and cake and coffee were served. The report of the secretary showed that about 1200 pieces have been shipped to the Allies from this branch, most of them to France.

No Higher Price For This
While food and clothing have advanced in cost, it is well for the sick that the prices of such reliable family remedies as Foley Kidney Pills are not increased. Persons in moderate circumstances find doctors' bills hard to pay in the easiest of times. Don't neglect weak, tired or disordered kidneys. Foley Kidney Pills cost little and relieve backache, pains in sides and loins, sore muscles, stiff joints, rheumatic pains and annoying bladder trouble. Charles W. Sheldon, Rockland; F. M. SCHOOL TEACHERS

Teaching is wearing work, and only those teachers who take good care of their health can stand the daily strain of the classroom. The dull eyes, pale cheeks, weary head and unstrung nerves of many teachers show the need of building up the nerve-force, relieving the blood and helping the general condition. Have you heard of "L. F." Atwood's Medicine? It is a very old home remedy, and entirely reliable. You can take it with the assurance that only good effects follow its use. It is not a "cure-all," but a general conditioner which acts on the stomach, liver and bowels, and by putting these important organs in order, improves the appetite, purifies the blood, strengthens the nerves and clears the head. Try a bottle and note how soon you feel its beneficial influence.

LECTURE ON CHRISTIAN SCIENCE

Delivered in Rockland Last Evening By
Ezra W. Palmer, C. S. B.

At the Christian Science church, Cedar street, last evening, a lecture on "Christian Science: The Science of Omnipotent Mind," was delivered by Ezra W. Palmer, C. S. B., of Denver, Col., member of the board of lecture-ship of the Mother Church, the First Church of Christ, Scientist, in Boston. Mr. Palmer said in part:

Christ Jesus

The great exponent of the omnipotence of God was Christ Jesus. By reason of his sinless birth and sonship with the Father, he knew and expressed the will of God. The religious systems of his day claimed to teach the true worship of God. But these systems produced no results to prove their unity with the Father. Jesus not only knew the power of God—he proved it by results. He proved that what claimed to be real on the evidence of the corporeal senses was not real but illusion. He reversed the false claim that matter has life, intelligence, or power, either to injure or bless mankind. The false, carnal mentality which St. Paul declared was "enmity against God," Jesus stripped of all pretence and characterized it as "a liar and the father of it." He never taught that God created matter, or that God was in any way responsible for sin, sickness, or death. On the contrary, he exposed the unreal basis of these errors and destroyed them through the might of Mind.

Christ Jesus knew the Science of Mind. He grasped the tremendous fact that God creates and governs all that is real, and that His creation partakes of His qualities and is like Him, perfect and eternal. "God is love," St. John declared. Love cannot be the creator of its opposite—evil. By no logical process of reasoning can we make God the creator of evil and at the same time know Him as infinite Spirit, a God who is Love. Because, if God created evil then evil inheres in the divine Mind, and therefore must be eternal. If this conclusion should be accepted, a man could not overcome evil, because he would then oppose the divine will, and would attempt to overcome the indestructible and immortal. By assuming that God created evil would bring chaos into the universe, and men—in their hopeless struggle against mortal ills—would become the victims of grim despair. But this cannot be true. God and His ideas alone exist. Light and darkness cannot dwell together.

The Discoverer and Founder of Christian Science.

Christian Science was discovered by Mary Baker Eddy in the year 1866. Recovery from an injury—the result of an accident—through the spiritual understanding of a passage in Matthew's gospel was the falling apple which gave her the clue to the unfoldment of divine, scientific Christianity.

The mission of Mary Baker Eddy was to pierce with spiritual vision the darkness of mortal belief, and give again to the world the spiritual Christianity of Christ Jesus. Her work was to restate in human consciousness the science of all sciences—the Science of Mind, exact and logical, based on the supremacy of Spirit, which, when grasped by the individual, would free him from the penalties of mortal belief and lead him into conscious unity with his God.

Mrs. Eddy was well fitted for her great work. Of Puritan ancestry she was reared in the atmosphere of a Christian home. From childhood she had been deeply religious. She was a profound student of the Bible and meditated upon its truths. She had a knowledge of Greek and Hebrew. She had sounded the depths of scholastic theology and found it inadequate to give the bread of life. She had tested the various systems of medicine and healing and found them wanting. She investigated spiritualism and hypnotism and cast them aside, because they failed to enlighten the thought. She had been tried in the crucible of affliction, knew the poverty of mortal existence—its pains, its false pleasures, its illusions—and she knew the hunger of the human heart to know its God.

After her healing she withdrew from society for three years, studied the Scriptures, and searched for the scientific basis of Christianity. In 1875 she gave to the world the text-book of Christian Science, "Science and Health with Key to the Scriptures," a book which has done more to revolutionize the thoughts of men regarding the truths of the Bible than any other book that has ever been written. Referring to the Biblical basis of her work, Mrs. Eddy said in Science and Health, p. 126, which I will read—

"I have set forth Christian Science and its application to the treatment of disease just as I have discovered them. I have demonstrated through Mind the effects of Truth on the health, longevity, and morals of men; and I have found nothing in ancient or in modern systems on which to found my own, except the teachings and demonstrations of our great Master and the lives of prophets and apostles. The Bible has been my only authority. I have had no other guide in 'the straight and narrow way' of Truth."

The Science of Mind which Mrs. Eddy taught in Science and Health is the science of knowing Truth. It is the Science Jesus meant when he said "ye shall know the truth, and the truth shall make you free." How can we know the truth except through thought? If we can know truth only through thought then truth itself must have its source in Mind. The Scriptures teach us to know God, to love Him, and to obey him. How can we follow these commands except through consciousness? The Scriptures teach that man was born of God, that all the marvels of the universe were created by Him. How are these marvels possible except we grant that God is Supreme Mind? Mind is the source, the origin of all intelligence, all law, all order. Man is life, the creator of all the manifestations of life, and these manifestations are the ideas of God. Therefore, God and His creation dwell in the heaven of Mind.

When we remember that science, even as humanly defined, is the orderly and systematic classification of ideas "made available in life or the search for truth," we can at once see the fitness of applying the term science to Christianity. "Order," said Pope, "is Heaven's first law." God manifests Himself to men through order, through law, through science. We would belittle our conceptions of Deity should we attempt to imagine that He who, through all eternity, upholds the universe by His wisdom would do less than reveal himself to men in an orderly, scientific, perfect way. This God does, and this Mrs. Eddy discovered, and this—the Science of Mind—she gave to the world in her great text-book, "Science and Health with Key to the Scriptures."

COAL IS HIGH and THEY SAY IT MAY GO HIGHER

The Answer is—Burn SOCONY KEROSENE

A gallon of SOCONY Kerosene costs from 10 to 15 cents. Burned in a Perfection Smokeless Oil Heater, it will provide ten hours of clean, odorless heat—more than enough to warm comfortably any ordinary room. There's small comfort in 10 or 15 cents worth of coal these days.

A Perfection Oil Heater is on when you want it and off when you don't.

But the furnace keeps right on merrily burning up the dollars whether you want it or not!

You can't put it out with a turn of the wrist—as you can a Perfection Oil Heater.

You can't light it in a jiffy if there comes a cold snap—as you can a Perfection Oil Heater.

The Perfection is solid, substantial, self-respecting—it doesn't smoke, smell or get out of order—or dirty up the house with ashes. It is as inexpensive to buy as it is to use.

SOCONY heat is clean heat. See that your dealer delivers SOCONY Kerosene and you won't have any trouble with your lamps, stoves and heaters.

SOCONY Kerosene is the trademarked name of the Standard Oil Company of New York's best grade of refined oil. See that you get SOCONY and no other. Look for the SOCONY Sign at your grocer's.
